

BestFit™2

Nasal Mask

Fit, seal and comfortable

BestFit™2

Nasal Mask

Advanced Cushion Design allows active control of the seal. The specialized vent ports disperse airflow efficiently and quietly. Advanced comfort and fit mean greater user compliance.

Adjustable forehead support system, helps to minimize leaks and adds to your comfort.

Special oxygen tube connection port with cap, provides freedom of movement without leakage.

Personalized cushion design means a personal seal for each person. The mask feels so comfortable you think it was made just for you.

A non-vented blue elbow option is available for non-leak ventilation.

Advanced specialized exhaust port design means a quiet experience for you.
